

# COFFEE BOX TRAILER

Our Coffee Box Trailer is the perfect option if you're looking for a smaller, fully self-contained mobile vending unit. The custom built Coffee Box Trailer has an eco-friendly option available and is fully compliant with national gas and electricity and Australian food standard requirements.

These trailers can be modified to include any equipment you need to start your new mobile catering business.

With offices across Australia, you can feel at ease that we will support you through every step of your new venture.

Get in touch with our sales team today to find out how we can help you, and get you ready to hit the road!

**Pricing starts from \$33,000 +GST\***  
For your complete set up Coffee Box Trailer.

\* Final pricing depends on equipment and options you choose to include.

**Call us now for a customised quote.**
