Shipping Container

Our Shipping Container is an innovative way to create an authentic catering experience for any occasion. This option is designed for static operations, where you can prepare and serve food direct to the customers.

Our custom design allow you to explore and create the perfect shipping container tailored to your needs. Our containers also have a 'green', eco-friendly alternative, which will help save you money (and the environment!). This fit-out includes one large cut-out service window and entry/exit door.

We can assist with CAD drawings, financing and all the bits and bobs in between to ensure a smooth transition into your new business.

Call our sales team today to find out more information, and how we can help with your new Shipping Container business.

Pricing starts from \$47,600 + GST*

For your 20ft Shipping Container ready to go!

Final pricing depends on chosen equipment and other specifics.

Call us now for a customised quote.
