

Bella Manufacturing

Commercial Shipping Container Conversion

Bella Manufacturing has been servicing the mobile food, catering and promotion vehicle industry with their premium product range for many years. Being the leading Australian manufacturer we pride ourselves in providing an end-to-end solution, beginning with an initial consultation, custom CAD layout and factory visit, through to development, build and after sales support.

The Shipping Container Conversion is a innovative way to create an authentic dinning experience. We offer a fully customised experience to ensure that your business has everything it needs to run a smooth production line.

National gas and electrical compliant to Australian Food Safety Standards. A full set of CAD plans and documentation will be provided for council submission. We build from the tires up with quality Australian made products.

Our team is here to help every step of the way and provide you with everything you need to get your mobile food unit on the road.
